

## Daily Camera Guest Opinions

Sunday, 02 December 2007

In the Dec. 2nd Daily Camera we saw two well written guest opinions; one from the Washington School petition drive sponsors, and the other about alternative solutions for the use of the closed Mapleton School. BVSDWatch.org applauds their energies toward finding a solution that reflects the wishes of the whole Boulder community. This growing movement encompasses a wider group of community members than we have seen in the past, and we feel these issues are not going to dissipate anytime soon. We hope Chris King and the new BVSD school board is listening and participates with the community to help find an equitable solution.
